Turfway Park and other local tracks. Inquire Today. - Updated 7/15/10

Welcome to Locker Racing Stables, LLC, where we are committed to thor15ughbred horse racing excellence. Come join one (1) or more of our Partnerships and experience the thrills and excitement associated with ownership in thoroughbred horse racing. We do not charge a management fee as many other stables do. We want your experience with us to be fun and exciting.

Read through our Partnerships page, and we will walk you through what is involved in becoming an owner or part-owner of a Thoroughbred racehorse in our stables.

We will be racing on the Kentucky and Ohio circuits with occasional visits to West Virginia and Indiana when the conditions are appropriate. If you are already involved in horse racing, congratulations! If you might consider participating in one of our partnerships, please feel free to contact us and we will answer any questions you may have. Any and all questions are welcome.

We provide daily services for all horses that are under our care. Owners will have open access to their horses and to the trainer on a daily basis. Frequent emails will be sent out to all owners updating them on the status and condition of their horse(s). Owners are encouraged to visit the barn area during morning training and whenever they would like to visit their horse(s).

Each horse is unique. They have individual personalities and abilities. Our training program will focus on each horse's talents, and we will work with them to bring out those talents and help the horse(s) to perform to the best of their abilities. We are strong believers that the best nutrition is essential to bringing out the "best ability" a horse has to offer. We train our horses with a similar philosophy as a trainer would train a human athlete, with top conditioning techniques and exceptional nutrition, without the high related costs.

When you are an owner with us, you will be able to view your horse(s) morning training right here on this website, without having to be at the track at 6:00am. Very few trainers will provide you with this convenience and free service. We will record your horse(s) morning workouts, then upload them to the "Morning Workouts" link on the left side of this Home page. If you are an out-of-state owner, or can't get to the track to watch your horse(s) train, you will now be able to simply visit our website anytime you choose, click on the "Morning Workouts" link, and watch your horse(s) train. All this from the convenience of your own home. Compliments of Locker Racing Stables, LLC.

Visualize your horse winning races. The fact that this can be "Visualized" is proof that this can be "Realized".

There are several tax deduction advantages associated with being a racehorse owner. Consult with your tax advisor for more information.

All "Out-of-State" interested people are welcomed. Don't let distance stop you from enjoying the exciting sport of thoroughbred horse racing.
